

LOVE FOR RASULULLAH ﷺ

The Sweetness of Īmān

Continuation of previous post

Hafiz Ibn Hajar رحمه الله writes:

"(The manifestation of the love of Nabi ﷺ includes) not taking any instructions from anywhere other than the teachings of Nabi ﷺ, following only his way of life, being satisfied with his Sharī'ah to such an extent that no reservations remain regarding any command of his, and imbibing his noble character, his generosity, giving preference to others, forbearance, humility, etc. One who exerts himself in this regard will find the true sweetness of Imān."
